怎麼發生

A terminal window with a title bar showing three colored buttons (red, yellow, green) and the text "Albert — root@knowlet". The terminal has a black background with colored text. The first line is "\$a = @\$_GET['a'];" in yellow, cyan, and magenta. The second line is "echo 'hello, ', \$a;" in magenta, red, and yellow. Below these are several lines of tilde characters (~) in blue.

```
Albert — root@knowlet  
$a = @$_GET['a'];  
echo 'hello, ', $a;
